## 学 術 報 告

第 41 号

## 目 次

## 原 著

潘 春香・新居直祐：数種の果樹の新根の太さと一次木部維管束数との関係  
 ..... 1

Chun Xiang PAN and Naosuke NI: Anatomical Development of Phi  
 Thickening in the Roots of Rosaceae Fruit Trees ..... 7

Tetsuya YAMADA, Tositsugu KATO, Tomomi ITO, Katsunori TERANISHI  
 and Takuo ADACHI: Introduction of Fatty Acids to Acid Modified  
 Starch Granules by Ultra-high-pressure Treatment ..... 15

Akira TAKAHASHI, Keiko ENAMI and Tetsuya YAMADA: Effect of  
 Amylose-Amylopectin Composition on Elasticity of Retrograded  
 Starch Gel — Analysis by Percolation Theory — ..... 23

Tomomi ITO, Takuo ADACHI, Masahiro KOJIMA and Tetsuya YAMADA:  
 Effect of Surfactant Addition on Viscosity Profiles of Starches Part  
 2, Effect of Temperature Elevating Rate on Viscosity ..... 29

## 短 報

Rei ABE-YOSHIZUMI, Urara KAMEI, Yuhgo ISOMURA, Jun SAKAKIBARA and  
 Shigeyuki ICHIHARA: New Membrane Protein, PaaM, Involved in the  
 Metabolism of Phenylacetic Acid in *Klebsiella* sp. PAMU-1.2 ..... 41

業績紹介 ..... i

SCIENTIFIC REPORTS  
OF THE  
FACULTY OF AGRICULTURE  
MEIJO UNIVERSITY

No. 41

CONTENTS

ORIGINALS

- Chun Xiang PAN and Naosuke NII: Primary Xylem Differentiation  
Relative to Differences in Root Diameter in Various Fruit Tree  
Species ..... 1
- Chun Xiang PAN and Naosuke NII: Anatomical Development of Phi  
Thickening in the Roots of Rosaceae Fruit Trees ..... 7
- Tetsuya YAMADA, Tositsugu KATO, Tomomi ITO, Katsunori TERANISHI  
and Takuo ADACHI: Introduction of Fatty Acids to Acid Modified  
Starch Granules by Ultra-high-pressure Treatment ..... 15
- Akira TAKAHASHI, Keiko ENAMI and Tetsuya YAMADA: Effect of  
Amylose-Amylopectin Composition on Elasticity of Retrograded  
Starch Gel — Analysis by Percolation Theory — ..... 23
- Tomomi ITO, Takuo ADACHI, Masahiro KOJIMA and Tetsuya YAMADA:  
Effect of Surfactant Addition on Viscosity Profiles of Starches Part  
2, Effect of Temperature Elevating Rate on Viscosity ..... 29

SHORT COMMUNICATION

- Rei ABE-YOSHIKUNI, Urara KAMEI, Yuhgo ISOMURA, Jun SAKAKIBARA and  
Shigeyuki ICHIHARA: New Membrane Protein, PaaM, Involved in the  
Metabolism of Phenylacetic Acid in *Klebsiella* sp. PAMU-1.2 ..... 41
- List of Contributions ..... i
